## FOREWARD

This is how it happened in the year 1971-72 - as told by those "who were there". As you page through your book you will find there that which you seek - it is all there, and it is all showing!

For the studios, the evidence of a year of hard work and fun is there in pictures of stage dramatizations, debating teams, honor rolls of scholastic achievers, concerned and helpful teachers, and pictures of students just enjoying high school.

For those who have had more than their share of frustrations - your story is also there; depicted at a time when your yearbook staff suffered with you. How else does it happen that a yearbook records garbage polluted hallways, empty hallways, hallways with "couldn't-care-less" faces, faces without names, scheduled student activities without faces or names?

To an "advisor" who is old, there is much more comfort in looking again at the achievements of those who concentrated on turning the spotlight on Vic with highly intellectual presentations at the debating rostrum. Why worry now about petitions concerning the abortion laws in Canada? This is much too far in your future! A smile in the hallway is here and now! Why look at "the march to Amchitka" - a thousand miles away, when you can see your peers galloping across the football field or wheelbarrowing a load of pennies! This is where it's at, man, right here at Vic!

But you want peace, you say - peace in the world! And maybe even assurance that there will BE a world! Right on! I'm with you! Where do we start? How about square one?

A venerable, knowledgeable Chinese is reputed to have said, "If there is righteousness in the heart . . . there will be peace in the world." Cool it, you say? Hear me out, I beg you.

"Righteous, a. Just, upright, virtuous, law-abiding, (of person, life, action)" - Oxford, 1966. Righteousness. For sure, not buck-passing, backstabbing, amateurish politicking, playing games with cops, worshipping at the "temple to artificiality". Right? Right!

To get to square one is the giant step. When you get there, pull your neighbor with you. Don't PUSH him ahead of you! After square one, square two, three, and four are easy!

"If there is righteousness in the heart,  
there will be beauty in the character.  
If there is beauty in the character,  
there will be harmony in the home.  
If there is harmony in the home,  
there will be order in the nation,  
If there is order in the nation,  
there will be peace in the world!"

If there is righteousness in the heart! Like - whose heart? Think about it!

- Advisor

(P.S. Enjoy your book; it is here and now, and it is real; and say, "this I have done - and it is good!")

## PERHAPS

If this is but a planet  
whirled in the air  
Between the sun and moon  
and starry sky,  
Then surely in the  
universe somewhere  
There is a place where  
others live and die.

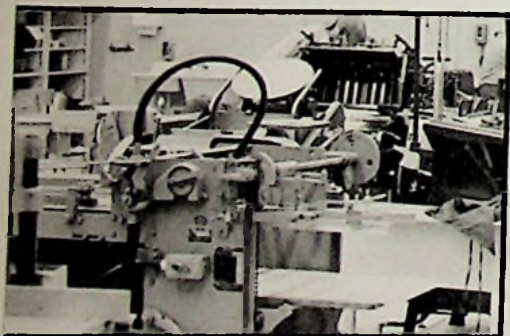

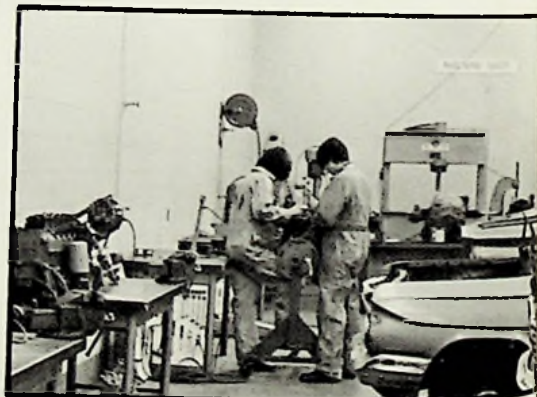

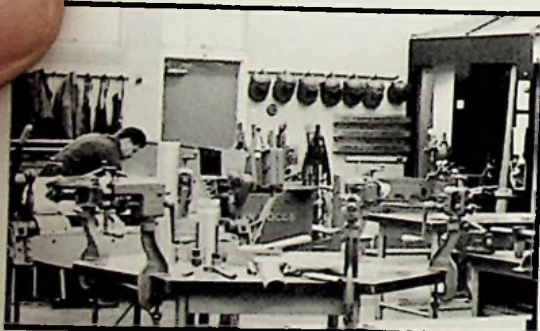

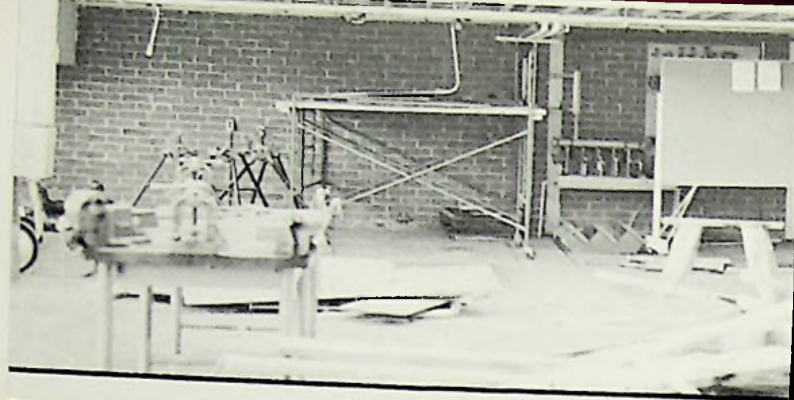

We may not live to see  
that planet's race,  
Or even know that such  
a race exists,  
But if there are beings  
in outer space,  
Perhaps they also search  
the heavenly mists.

Perhaps when we are long  
time passed away,  
Our children's children  
may encounter theirs,  
And then, together, they  
may spend the day  
Without our hates and fears  
and useless cares.

- Hilary Mais

#### PRINCIPAL'S MESSAGE

The Illrich thesis, that we should abolish schools and schooling, has proved to be mostly nonsense at Victoria Composite this year for never before have we seen such a demonstration of dedication to learning as by the new segment of our population, the Continuing Education students and the PET students, who have come here to upgrade themselves. They come an hour earlier than they should, they stay an hour later than they should, and in the interval they haunt our classrooms and libraries absorbing as much knowledge as they can.

It has grieved me for sometime that so many of our young people, as many as 11.8%, have been dropping out during the year. Whatever their reasons are, I can only speculate, for no two people give the same reasons. I do know that schools reflect the society in which they exist to a surprising degree and "copping out" may be an expression of the pessimism about the future of society. Our older students are not pessimistic, they are not afraid to tackle a new way of life, and they are full of optimism and determination. Let us learn from them that, "Today is the tomorrow you worried about yesterday and all is well".

Perhaps their very presence here will remind us all that education is still the road to truth, honor, dignity, self respect, and respect for others, acceptance of the rule of law, and a devotion to justice for all.

### Senior Redmen

1ST ROW (LEFT TO RIGHT): Jay Solown, Craig Frizzell, Rod Demski, Claude Warwick, Murry Shumate, Larry Smith, Gene Chmilar (captain). 2ND ROW (LEFT TO RIGHT): Mr. Ross (trainer), Scott Brodie, Bill Tanasichuk, Vic Jereniuk, Orest Yereniuk, Bob Marinkovich, Don Stillwell, Wayne Gasmu, Bob Barabash, Frank Lueck, Bruce Walker, Gary Mah (manager). 3RD ROW (LEFT TO RIGHT): Mr. Algajer (coach), Mr. Wrotniak, Murray Michaelson, Tuppy Tyler, Ken Bryant, Don Dingman, Rory Cameron, Bruce Chisholm, Terry Kosak, Doug Stepa, Shane Homan, Al Easton, Colin Fennell, Mr. Gordichuk, Mr. Garner.

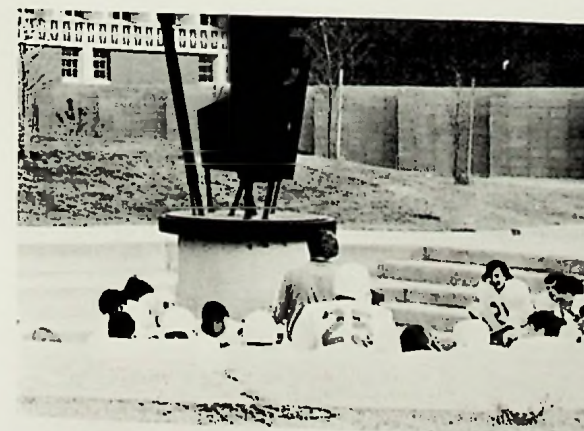

The Sr. Redmen compiled a 5 won - 2 lost record during the 1971 season. Vic claimed victories over O'Leary 13-6, Queen E. 11-7, St. Francis 15-0, and St. Joe's 20-7. The Redmen were edged 9-7 by J.P. and were clipped 7-3 by Ross Shep. Several people such as Chmilar, Serben, Easton, Solowan, Craig and Lutz anchored a stingy defence, while Marinkovich led the offence with his discreet play selection and prolific passing. Congratulations to the team for a fine season and hoping that they can put it all together in 1972.

### Junior Redmen

1ST ROW - Dan James, Erwin Wolski, Bruce Demkiw, Bob Henderson, Maurice Faryna, Scott Mair, Bill Ostrowerka, Jack Lutz, Fred Mah, Tom MacLean. 2ND ROW (LEFT TO RIGHT): E. ### '71 SENIOR SOCCER

1st ROW LEFT TO RIGHT: Craig Frizzell, Dave Figiel, Orest Yereniuk, Ray MacNeil, Craig Kerry, Reiner Piehl, Bryan Bradley, Bob Marinkovich, Bill Tanasichuk, Al Easton, Herb Link, Mr. Cragg(Coach). 2nd ROW: Moe Tarrabin, Keith Mundorf, Claude Warwick, Rod Demskie, Ken Komik(Captain), Byron Collett, George Lakusta.

Before the snow had lifted from the VCHS soccer pitch, the pounding of soccer balls was plainly heard from the confines of the west gymnasium. With only two returnees present from last year's soccer squad, interest was high on the part of many of the members of the City Champion Redmen who were anticipating the move up to senior competition. The team realized that only two teams from each division would advance to the city playdowns and therefore the league games against St. Joes and Ross Shep would be crucial. In the first round of play the Redmen won four and lost two while our defence had only allowed two goals. In the second round of competition our offensive strength developed and we won all the games except a tie with St. Joes. In the final league game against Ross Shep, Vic convincingly won 4-1, which earned the Redmen second place in the West Division. In the semi-final game at O'Leary, the condition of the field was deplorable. Keith Mundorf opened the scoring combining with Craig Kerry. In the second half O'Leary came on strongly, scoring twice and holding a one goal edge until 1½ minutes to go in the game. Claude Warwick kicked a corner which was headed by the O'Leary goalie for the game equalizer - but to the dismay of the red and white, the goal was disallowed on a judgement call of interference by the referee. O'Leary then quickly scored to bring the curtain down on the Vic Redmen for another year. Claude Warwick led the team scoring over the season and was closely followed by George Lakusta and Ken Komie. With the exception of five players, the rest of the squad will be back in '72, intent on carrying our school colors to further glories in the inter-school soccer competition.

## REGISTRATION

This year's registration started off the new school year with groans and moans. The lineups to get into the gym, however minimized by teacher and administration, consisted of masses of students about fifty deep. After about two hours, the doorway is reached and inside, low and behold was another lineup, this time to have your picture taken. What a great way to start off the year!

## EATON'S DISPLAY

The Eaton's display took place Sept. 30, Oct. 1st and 2nd, 1971. It was organized by Marjorie Beckett and included exhibits from Vic's past, present and future in the Sports, Vocational and Academic fields. The purpose of this display was to advertize Victoria Composite, thus boosting school spirit. This goal was achieved, for with each successive day, the attendance both behind and in front of the tables grew. During the final hours, the students staffing the area totaled the pros and cons and discovered that three boxes of chocolates had been consumed, all the exhibits were present and accounted for and \$270 dollars straight profit had been made. The only side effects were sore feet, neglected homework and the occasional throbbing head and stomach from too many balloons and candies. Many thanks, Eatons.

## AMCHITKA

...if we change the world let it bear the mark of our intelligence.

"What will it accomplish?" was the question asked of the Amchitka protests. But although unsuccessful in their chief objectives the protests did accomplish secondary and perhaps equally important goals. The Amchitka blast received such strong opposition that it was almost cancelled and popular opinion will certainly deter world leaders from future tests of this kind. Also the achievement of a peaceful protest is an accomplishment that should not be underrated for even though the over riding feeling was of sincere concern, protests attract those with intentions of violence. The organizers, of the November 3 "Walk-Out" particularly one Vic Social 30 class, must be credited for creating the mood for non-violence and maintaining it. The social awareness and capability of organization displayed by Victoria Composite distinguishes it as an important part of the world community.

Once again, Redmen mania was brought to an end as Miss Redmen was selected for another year. Redman activities were kicked off Tuesday, Nov. 23 in the west cafeteria. It all started with "Beat the Clock." The next day, a pie-throwing performance brought in a total of \$26.60. Thursday, \$15.99 was brought in from selling toilet paper. At 1:30 p.m. the same day, all the Miss Redman contestants attended a "tea" in the west cafeteria lounge. The 5 finalists were then chosen. Finally, Friday, the girls were presented with not-so-typical questions and later, in the evening, Gloria Kallio was honoured with the position of Miss Redman.

## UPON GRADUATION

The day will come  
When we shall venture  
Into reality,  
Escape the sheltering arms  
Of home and school alike  
It is a beginning.  
It is an end.

With nostalgia, we look.  
Our friends shall go their way.  
And we ours.  
Weak ties will break  
The strong will carry on.  
But smile we shall  
And save our tears for years  
To come.

Yearbook

Mr. A. R. Brown has left the classroom after twenty-two years in Room 107. He came here from H. A. Gray School in 1949, the first year of operation of the Composite School.

Room 107 was especially designed for the teaching of Social Studies. Mr. Brown considers it the best room in the school, even if in September, 1949, it lacked desks and a door.

For many years he was Department Head of Social Studies, and he also served on the Provincial Social Studies Curriculum Committee for some time.

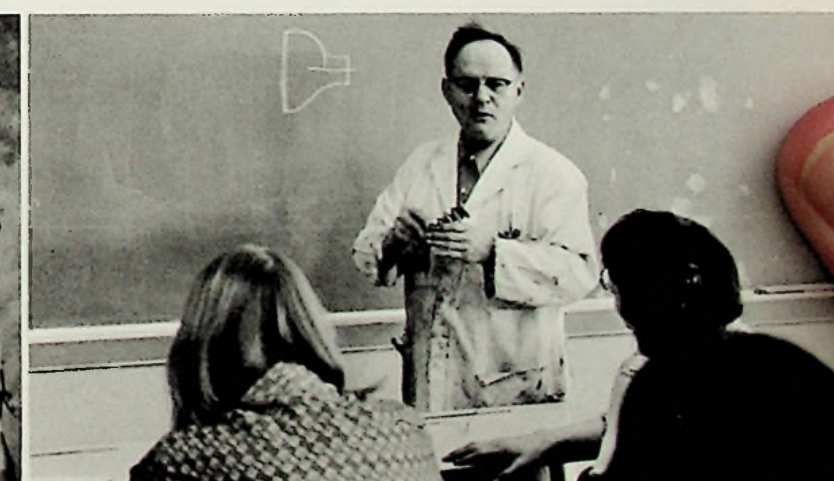

If you look at the school debating shield you will see many illustrious names; a number were members of the club under Mr. Brown's advisorship.

In looking back over his years at Vic he recalls his classes in Algebra, Economics and Social Studies and remembers with pride the many students who have gone forth to make their own special niche.

Have fun Mr. Brown!

#### Another Lucky Veteran Going Fishing!

Mr. Henderson received his B. Ed. at Bradley Poly Technical Institute, Peoria, Ill. a few years back. He cut his teaching teeth at Cora Lynn, Redwillow, Alta. Saw service in Wetaskiwin (1941-48) and settled down, finally, at Vic only 23 years ago. (P. S. Your neighbor will miss your flowery adjectives following the sound of that famous gong! Adv.)

# THE YOUNG VOYAGEURS

by Serena Tsang

The Young Voyageurs Student Exchange program is sponsored by the Federal and Provincial Governments, and various stores and organizations. Last year in May, those of us who applied were interviewed by the co-ordinator of the program. Twenty-one students were chosen from Edmonton, and Ken Koluk and I were lucky enough to be Vic's representatives.

Between the time we were chosen and the actual boarding of the plane for Quebec, there was a frantic round of get-togethers with chaperones, other voyageurs, having special Y.V. jackets made, learning of 101 useful French phrases, and a short meeting with the Quebec students.

Our adventure began on July 13, with an all-night plane trip to Ottawa. Before we had time to catch our breath, we were whisked from the money mint, to the Museum of Science & Technology and then to the Art Center and so on. What most impressed me were the Parliament Buildings and the Peace Tower overlooking the city. We were so excited as we peered over the edge that Marvie dropped her new camera. Poor Marv! A million Kodak splinters all over Parliament Hill! Wendy didn't have much better luck. She snapped about 20 pictures of historic Ottawa before discovering there was no film in her camera.

The next day we left the quiet and serenity of Ottawa for the hustle of Montreal. Compared with Ottawa and Edmonton, Montreal is extremely crowded. There are cars and people rushing everywhere seeming to say "run, don't walk".

After three days together, our Voyageur group was as close-knit as a family. However, we were soon all members of real French families. My host lived in LaBelle. At first, I found the speed of the spoken French difficult to follow but I was soon meeting, joking and conversing with all the villagers.

For the next several days, the only time I was alone and could catch my breath was in bed. We were caught in a round of tours of Montreal and the surrounding villages, poking into caves, and tramping around "Man and His World" at Expo. In fact, it turned out that I was in such a hurry that I almost paid \$4.00 for a \$2.00 souvenir.

To fill every spare moment from the group tours, my hosts prepared their own entertainment - a visit to their cousin's farm, trips to Lac LaBelle, a relaxing escape of soft sand, warm water and friendly laughter.

Leaving my host was hard, but when we arrived back in Edmonton, we had a whole new group of friends to make - the Voyageurs from New Brunswick. It was Edmonton's opportunity to return the hospitality we had received in Quebec. Without the language barrier that had first existed in Quebec, we became friends immediately and 2 A.M. gab sessions were soon in full swing.

We took them on tours of Edmonton; they took part in the Klondike activities; finally we travelled to Jasper and stayed in cabins. Six people in a tiny cabin . . . but we sure had a ball!

Then there was the day we visited the Strathcona County to view some farm equipment when Sandy discovered that one heel of her brown sandals had come off. Luckily, it was only the heel that was gone and not the \$5.00 bill which she had hidden inside her heels.

The ten days soon vanished and we were driving our guests to the airport. More farewells and the summer was over.

The Summer of '71 was one of my best summer holidays, one packed with very valuable experiences not soon to be forgotten, and we are very grateful to our coordinator, Mr. Hollingsworth, our escorts, Mr. and Mrs. Hancheruk and all the teachers who have helped us.

It was a Magnificent Summer!

## THIS IS IT!

First of all I would like to thank the many that made our yearbook possible, they're help has been invaluable. This book with its supplement is the culminating point of one school year of endeavouring to find out what this yearbook should be and what I as an editor should consider as my personal goals in regards to its creation. I don't think anyone who considers editing such a journal realizes how emotionally involved he can become in guiding its transition from an idea to reality.

UTE STREBLOW

DAVE RICE  
Co-Editor

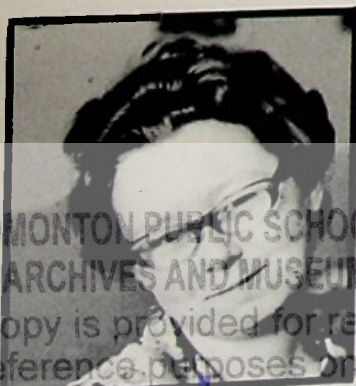

Many times during the year you feel like packing it up but always there is an inner voice that tells you that it is too easy to quit. This book is finished and you wonder how you did. You started almost a full year ago, missed two deadlines, over hundred meals and several nights of sleep, (one of them the Staff's party), but it's finished. Time to pat yourself on the back and go back three spaces.

The staff of the "Victorian 72" I thank sincerely. Some were invaluable. Dave Rice did something of everything when we needed it and also assisted me in editing this years creation. Caroline Suk who joined us in the middle of our production, Gail Skrepnyk, Karen Rasmussen, Anita Maloney, Patty Thiem, Terry Lucas, and Rhonda Kirk were a great help in furnishing our book the way it is. Hans Schimanke and Joe Kozak, my photographers also deserve special mention. THAT'S IT.
